## Helping those less fortunate. From Bob Ehrheart

Three NFBC members, George Sinclair, John Barclay and Bob Ehrheart are shown loading a truck with 42 donated bikes. The three of us, along with other Spoke Folk members (community bike project), refurbished the bikes and are donating them to the Salvation Army and Rural Ministry as Christmas presents for disadvantaged kids. This is a yearly project. The bikes are collected over the summer and given out at Christmas time.

## Roy's EOY Membership Update

There are 496 members in the club. That includes 367 Households. There are 125 new members in NFBC. Welcome to all of the new members. I hope you got out on your bike with us a few times. Memberships lapse Feb. 29, 2016 for everyone. I will be accepting renewals in the New Year.

In the interest of safety on the road for members of the NFBC, all riders and guests must acknowledge having read and understood the "Duties of Riders of the NFBC" statement by signing it before participating in any NFBC-sponsored ride.

**Duties of Riders of the NFBC** By becoming a member of the NFBC, all riders represent they have the knowledge and skills necessary to minimize the risk of injury in the sport of cycling. Riders shall have the following additional duties to enable them to make informed decisions while participating in the sport of bicycling:

- Riders must obey New York State vehicle and traffic laws. Riders are governed by the same laws as motor vehicles. Riding in an NFBC group does not give riders the right to run stop signs or traffic signals.
- All riders must wear a Snell or ANSI approved bicycle helmet.
- Riders should not ride beyond their limits or their ability to cope with variations in road conditions (wetness, gravel, ice, snow, potholes, etc.).
- Riders must remain in constant control of speed and direction at all times so as to avoid contact with obstacles and with other riders.
- Riders should familiarize themselves with verbal and posted information before riding the route. The NFBC ride facilitators do not represent the route as free of hazards to bicyclists.
- Riders must not overtake another rider in such a manner as to cause contact with the rider being overtaken.
- Riders make certain there is adequate safe space between themselves and the rider in front.
- Riders should communicate with other riders by calling out and announcing the following:
  - "Car Back": warning riders in front of them that there is a car approaching from the rear and signaling to single up. It is important to pass this information along the line of riders
  - "Car Up": warning the group that a car is approaching from the front. It is important to pass the word back.
  - "Single Up": telling the group that riders need to be riding single file
  - "Car Left or Right": warning riders at intersections or other places that a car might enter the path
  - "Walker or Runner Up": warning riders there is someone on foot on the riders' side of the road.
  - "Tracks": warning riders about railroad tracks. Riders should cross at right angles to the rails.
  - "Road Kill": warning riders there is a dead animal in their path.
  - "Hole(s)": warning riders about dangerous breaks in the pavement. Sometimes riders may just point down to show that something is there instead of calling out the warning.
  - "Stopping or Slowing": warning riders of a change in speed. This may be done with a hand signal, but a call helps to avoid a problem.
  - "On Your Left or Right": warning riders that someone is passing. Riders should always pass on the left, but if they find themselves on the right, they should announce they are passing on the right.
